What you need to bring for Rosebud

Snacks for the drive; we will have bottles of water and coolers in the vans

Cash for fast food on the way there and back and for one meal on the travel day to Rapid City/Badlands. There is a gas station/quick shop in Rosebud for soda and snacks during the week and we will have a cook to prepare meals at Steve’s home.

Casual clothing for the spring and summer weather – warm (maybe even hot) during the days and cool, even chilly in the evenings. Sneakers and sandals, if you wear them (comfortable for walking). Personal cosmetics and medications.

Sun screen and Mosquito/ tick repellent

If you plan to participate in the sweat lodge, women will need skirts or light weight dresses that are full enough to sit on the ground and cool enough to stand the heat. Men will need a T-shirt and light weight sweat pants (probably not jeans) (We will have to clarify with Steve whether shorts are appropriate for men for the sweat)

Towel and wash cloth, pillow, light weight blanket (sleeping bags and air mattresses are provided)

Flash light

Cell phone charger, if you use a cell phone (these can be plugged in at Steve’s house)

Camera with charger or extra batteries, as needed

You might want money for the Sinte Gleska bookstore (post cards, books, T-shirts, buffalo meat, beads, etc.) and Prairie Edge or a trading post (depending on the Rapid City travel agenda). Basic craft supplies will be provided. However, last year students went together on hides and laces for adult moccasins or hand drums (if you wish to make them).

No alcohol – it is prohibited on the reservation and, even on the travel day, drinking will not be allowed on the trip

Additional things may be added to this list at or after the meeting.
